Max Cananzi  
President and CEO  
Horizon Utilities Corporation  
55 John Street North  
Hamilton ON L8R 3M8

On behalf of Hamilton's Public Works Department, I would like to thank Horizon Utilities for partnering with us to coordinate the successful Blackout Challenge initiative on August 14. As a result of our partnership, Hamilton significantly reduced energy consumption between the hours of 12:00 p.m. and 8:00 p.m.

While our final results were impressive on their own, what I was most pleased with was the collaboration between the City and Horizon Utilities. It was a successful and positive alliance to spread the word about the initiative and coordinate a compact fluorescent light bulb giveaway event to encourage residents to implement simple energy conservation measures in their own homes.

I look forward to maintaining this fruitful partnership as we coordinate initiatives such as this in the future. Thank you again for your cooperation and support.
