

# Take Charge

## Your New Electricity Prices

(Regulated Price Plan - RPP)

Starting May 1, 2011

### Time-of-Use (TOU) Prices

- On-peak price = 10.7 cents per kilowatt hour (kWh)
- Mid-peak price = 8.9 cents per kWh
- Off-peak price = 5.9 cents per kWh

### Tiered Prices

- 6.8 cents per kWh for electricity use up to and including 600 kWh per month\*
- 7.9 cents per kWh for electricity use above 600 kWh per month\*

**These are the prices that appear on the electricity line of your bill. They do not include other charges on your total bill like delivery.**

### Find out more about your electricity bill

Learn more about the different lines on your bill and estimate your monthly electricity bill using the OEB's online calculator.

\* 750 kWh monthly threshold for non-residential RPP consumers

### Signed a retail electricity contract?

If you signed a contract with an electricity retailer, you pay the agreed-upon contract price (not tiered or TOU prices set under the OEB's Regulated Price Plan). Check out the OEB website for more information about retail contracts.
