

Power. Smarter.

Electricity prices are changing to Time-of-Use rates.

Ontario is introducing Time-of-Use rates – a new way to better manage your electricity costs. With rates based on off-peak, mid-peak and on-peak time periods, you will be better able to decide when and how to best use your electricity.

Horizon Utilities customers will be migrating to Time-of-Use rates for electricity throughout 2010. Each household will be notified by letter prior to their switchover date.

To find out about Time-of-Use rates, please stop by one of our information booths at the following locations, visit www.horizonutilities.com or call our Customer Care Centre at 1-866-458-1236.
